

JINR Newsletter #25, 10 July 2024

Dear colleagues and friends,

Several major events have recently taken place in the Institute's life. Shanghai hosted the second meeting of the JINR-China Joint Coordination Committee on Cooperation under the co-chairmanship of the Institute's Director Grigory Trubnikov and Vice Minister of Science and Technology of China Long Teng. The 6th meeting of the BRICS Working Group on Research Infrastructures was held at JINR.

In the latest issue of the JINR Newsletter you will also find articles about the work results of the JINR Infocentre at Far Eastern Federal University, scientific achievements of JINR, and much more.

Breaking News

Second meeting of JINR-China Joint Coordination Committee took place in Shanghai

The event was held on 3 July, co-chaired by JINR Director Grigory Trubnikov and Vice Minister of Science and Technology of China Long Teng. The parties discussed cooperation prospects between JINR, the Russian Ministry of Science and Higher Education, and Chinese organizations in a wide variety of areas.

JINR hosted 6th meeting of BRICS Working Group on Research Infrastructures

The event took place in Moscow and Dubna on 1-3 July. The issues of access to research infrastructures and the establishment of megascience projects in the BRICS+ countries were at the top of the agenda. As part of the meeting programme, the participants visited objects of the JINR research infrastructure.

HSFI-2024 international hadron physics conference takes place in Gatchina

From 8 to 12 July, the Konstantinov Petersburg Nuclear Physics Institute is hosting the Hadron Structure and Fundamental Interactions Conference (HSFI–2024), organized with the JINR participation. The conference focuses on a review and analysis of the latest achievements in hadron physics, QCD, and the Standard Model.

Upcoming Events

Conferences

- <u>1 18 July.</u> 36th Summer International Computer School (ICS-2024). Dubna, Russia
- <u>8 12 July. Scientific School for Physics Teachers at JINR. JINR, Dubna</u>
- <u>8 12 July. International Conference on Hadron Structure and Fundamental Interactions (HSFI-2024). Gatchina, Russia</u>
- <u>10 17 July.</u> 24th International Scientific Baikal Summer School on Physics of Elementary Particles and Astrophysics. Bolshye Koty, Irkutsk Region, Russia
- <u>15 19 July</u>. International Conference "Modern Problems of Condensed Matter Theory". JINR, Dubna

Seminars

- <u>11 July</u>, 11:00 AM. VBLHEP. "Universal device for checking tightness of straw tubes" by Igor Boguslavsky
- 11 July, 3:30 PM. FLNR. "MPD TPC status" by Sergey Movchan
- <u>11 July, 4:00 PM. BLTP. "Precise accounting for the bound states' motion,</u> <u>the only missing part of Weinberg's chiral effective field theory" by</u> <u>Alexander Kvinikhidze</u>
- <u>**12 July**</u>, <u>11:00 AM. BLTP. "Constraining particle physics models with</u> gravitational waves from the early universe" by Dhruv Ringe
- <u>12 July, 2:30 PM. BLTP. "Quantum theory of scalar and spinor fields in</u> Schwarzschild spacetime" by Igor Volobuev
- <u>16 July</u>, 11:00 AM. MLIT. "Study of the dynamics of pp and AA interactions using the method of factorial moments for NICA and LHC energies" by Olga Kodolova
- **17 July**, 11:00 AM. DLNP. "Search for dibaryons with low excitation energy as first possible measurement at the SPD Facility" by Vladimir Kurbatov

Culture

- <u>**19 June 14 July**</u>. Daily from 1:00 to 7:00 PM (except Monday). JINR Mir Cultural Centre. Exhibition of wood carving and painting
- <u>16 July 1 September</u>. Daily from 1:00 to 7:00 PM (except Monday). JINR Mir Cultural Centre. Art exhibition
- 12 July, 6:00 PM. JINR Scientists' Club. JINR Cinema Club
- <u>**13 July**</u>. Trip to the Novaya Opera Theatre
